

HR 220 AL

Gear oil for food processing industries

Description

Approved by NSF on the requirements of the FDA, in category H1; registration 142602. Extreme pressure mineral oil with an EP oil base, phospho-sulphured without lead and anti-wear additives. Reinforced chemical stability and resistance to oxidation for severe conditions (pressure, temperature).

Applications

For the food processing industries. For lubrication of loaded and medium-loaded gearboxes and gears located in the vicinity of food products of all types.

Technical data

Viscosity at 40°C: 220 cst
