

NS 50 AL

Synthetic chain lubricant for incidental food contact

Description

Synthetic base oil specially formulated for very low temperatures. Thanks to its low viscosity, it has substantial penetrating power into the chain links. MOSH-MOAH free lubricant. NS 50 AL is registered by NSF International, in category H1. This indicates that it is authorized for use in incidental contact with food. (N°128225)

Applications

Lubrication of transmission chains in the deep-freezing industry. Generally, all types of drive chains that operate in very low temperature conditions.

Technical data

Operating temperature range: -50°C to +200°C
Viscosity @ 40°C: 90 cst
